Who are we?

Valet d'Anniviers is a new company providing tailormade concierge and property services to visitors and property owners in the Val d'Anniviers region of Switzerland.

We offer an 'end to end' range of services which complement the current tourism offering of the Val d'Anniviers region. We work closely with other local businesses to provide our 5 core products.

1) Holiday Services

We provide a complete range of products and services to visitors to the Val d'Anniviers. These services are aimed at enhancing the visitor's experience in the region by taking care of those time consuming or more mundane tasks that take time to arrange when you are on holiday. Valet d'Anniviers will take care of everything from delivering ski passes to your apartment or chalet to pre-booking ski lessons, from stocking your fridge to walking your dog, from arranging babysitting to finding a mountain guide, from arranging a massage to booking a local restaurant.

2) Property Management

We provide a "one stop shop" for the owners of second properties in the region. We offer a range of services that make owning a property abroad more manageable. So, if snow needs to be cleared before guests arrive, the garden furniture needs varnishing, the lawn needs mowing, the heating needs to be turned on before an arrival or someone needs to be met at the airport, Valet d'Anniviers will get it done.

If property owners need work carried out at the property (e.g. landscape gardening, plumbing or electrical work), Valet d'Anniviers will liaise with local tradesmen to arrange quotes and ensure that the work is carried out to the owners requirements.

Or if a property owner merely wishes a local resident to hold their key in case of emergencies then Valet d'Anniviers can do that too - no job is too small.

We remove the hassle of 2nd home ownership.

3) Changeover Services

We provide a service for those property owners who keep their property for private usage only or who choose to let their properties privately i.e. not through a local letting agent. The services ensure that guests of the owners property have a clean apartment on arrival, have fresh linen, the beds are made, the heating is on, and that key appliances (dishwasher etc) are in working order. We are also on hand to resolve any issues during their stay.

4) PA Services

We provide a range of services to assist visitors with personal or business related activities.

So if you need to hold a teleconference with work,

need a Powerpoint or Keynotes slide presentation prepared, a fax sent, a document scanned, mail collected or forwarded, a parcel delivered, e-mail

access or a translation carried out, Valet d'Anniviers will organise it. No matter how small the task, it can be taken care of for you, leaving you free to enjoy what you came here for.

5) Catering Services

We provide a complete range of catering services to visitors and property owners in Val d'Anniviers. These catering services include shopping, providing an in-house caterer for dinner parties, delivering breakfast, catering for children's birthday parties, providing canapés for evening drinks parties, supplying freshly baked cakes, providing food hampers or providing pre-cooked food to chalets before guests arrive, or at any time during their stay. The pre-cooked food is a key element of the Catering Services, whereby Valet d'Anniviers offers a varied menu of professionally cooked, pre-frozen dishes including starters, main courses, desserts, vegetables and childrens food. This will be delivered direct to your apartment or chalet at a cost of CHF8 per delivery (free for individual orders over CHF 150).

We also offer a "demi catered package" for visitors on a one week holiday, which will include the daily delivery of breakfast and a 3 course freshly cooked meal delivered three times a week, for clients to reheat at their convenience. (This service is currently only available in Grimentz).

Who are the owners?

Dave and Ali Williams first bought an apartment in Grimentz in 2005, after an exhausting search for the perfect place for their holiday home. Having spent many happy family holidays here, they then decided to take a break from London life, and moved to Grimentz for a sabbatical year in August 2008 with their children, Abigail and Jessica.

They enjoyed it so much, they decided to stay and have now set up Valet d'Anniviers - a company which offers a complete range of products and services to make your time here as relaxing and enjoyable as possible.

Buying our products

It could not be simpler to buy our products and services. Everything can be purchased on line or over the phone, using most major credit and debit cards or bank transfers.
